Just wanted to send around some of my notes to follow-up on from Tuesday's meeting:  
invite George Zacchos (the EPA hotline responder) and the heads of the local emergency response groups and community groups who could possibly receive calls about the project (such as fire, police, DOH, etc) to a future CAG meeting. I think that when we have the design approved and the action plan being developed might be the best timing for this but I'm open to other ideas.  
the PN for the 5-year review should be placed in papers other than the Star Ledger. Did everyone agree with Joe's recommendations for that or are there other suggestions?  
report out on the progress of the 5-year review again at a future CAG meeting and develop a 1-page factsheet  
use the Oct CAG meeting as an educational intro session on the 8-mile and discuss timeline regarding opportunities for CAG involvement  
discuss expansion of CAG membership during a separate CAG chairs conf call  
Please let me know if I've missed anything or if you have any thoughts on the above.  
Thanks,  
Elizabeth
